

Subpart O—Non-Standard Underwriting Classification System Regulations for the 1991 and Succeeding Crop Years

AUTHORITY: 7 U.S.C. 1506(l), 1506(p).

SOURCE: 55 FR 32595, Aug. 10, 1990, unless otherwise noted.

§ 400.301 Basis, purpose, and applicability.

The regulations contained in this subpart are issued pursuant to the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), to prescribe the procedures for nonstandard determinations and the assignment of assigned yields or premium rates in conformance with the intent of section 508 of the Act (7 U.S.C. 1508). These regulations are applicable to all policies of insurance insured or reinsured by the Corporation under the Act and on those policies where the insurance coverage or indemnities are based on determinations applicable to the individual insured. These regulations will not be applicable to any policy where the amount of coverage or indemnities are based on the experience of the area.

[62 FR 22876, Apr. 28, 1997]

§ 400.302 Definitions.

Act—means Federal Crop Insurance Act as amended (7 U.S.C. 1501 *et seq.*).

Actively engaged in farming means a person who, in return for a share of profits and losses, makes a contribution to the production of an insurable crop in the form of capital, equipment, land, personal labor, or personal management.

Actual Yield—means total harvested production of a crop divided by the number of acres on which the crop was planted. For insured acres, actual yield is the total production to count as defined in the insurance policy, divided by insured acres.

Assigned yield—means units of crop production per acre administratively assigned by the Corporation for the purpose of determining insurance coverage.

Corporation—means the Federal Crop Insurance Corporation.

Cumulative earned premium rate—is the total premium earned for all years

in the base period, divided by the total liability for all years in the base period with the result expressed as a percentage.

Cumulative loss ratio—means the ratio of total indemnities to total earned premiums during the base period expressed as a decimal.

Earned premium means premium earned (both the amount subsidized and the amount paid by the producer, but excluding any amount of the subsidy attributed to the operating and administrative expenses of the insurance provider) for a crop under a policy insured or reinsured by the Corporation.

Earned premium rate—means premium earned divided by liability and expressed as a percentage.

Entity—means a person as defined in this subpart other than an individual.

Indemnified loss means a loss applicable for the policy for any year during the NCS base period for which the total indemnity exceeds the total earned premium. If the person has insurance for the crop in more than one county for any crop year, indemnities and premiums will be accumulated for all counties for each crop year to determine an indemnified loss.

Insurance experience means earned premiums, indemnities paid (but not including replant payments), and other data for the crop (after applicable adjustments), resulting from all of the insured's crop insurance policies insured or reinsured by the Corporation for one or more crop years and will include all information from all counties in which the person was insured.

Loss ratio—means the ratio of indemnity to earned premium expressed as a decimal.

NCS means nonstandard classification system.

NCS base period means the 10 consecutive crop years (as defined in the crop policy) ending 2 crop years prior to the crop year in which the NCS classification becomes effective for all crops, except those specified on the Special Provisions. For these excepted crops, the NCS base period means the 10 consecutive crop years ending 3 crop years prior to the crop year in which the NCS classification becomes effective. For
